

An exercise on:

DRR – Disaster Risk Reduction

CCA – Climate Change Adaptation

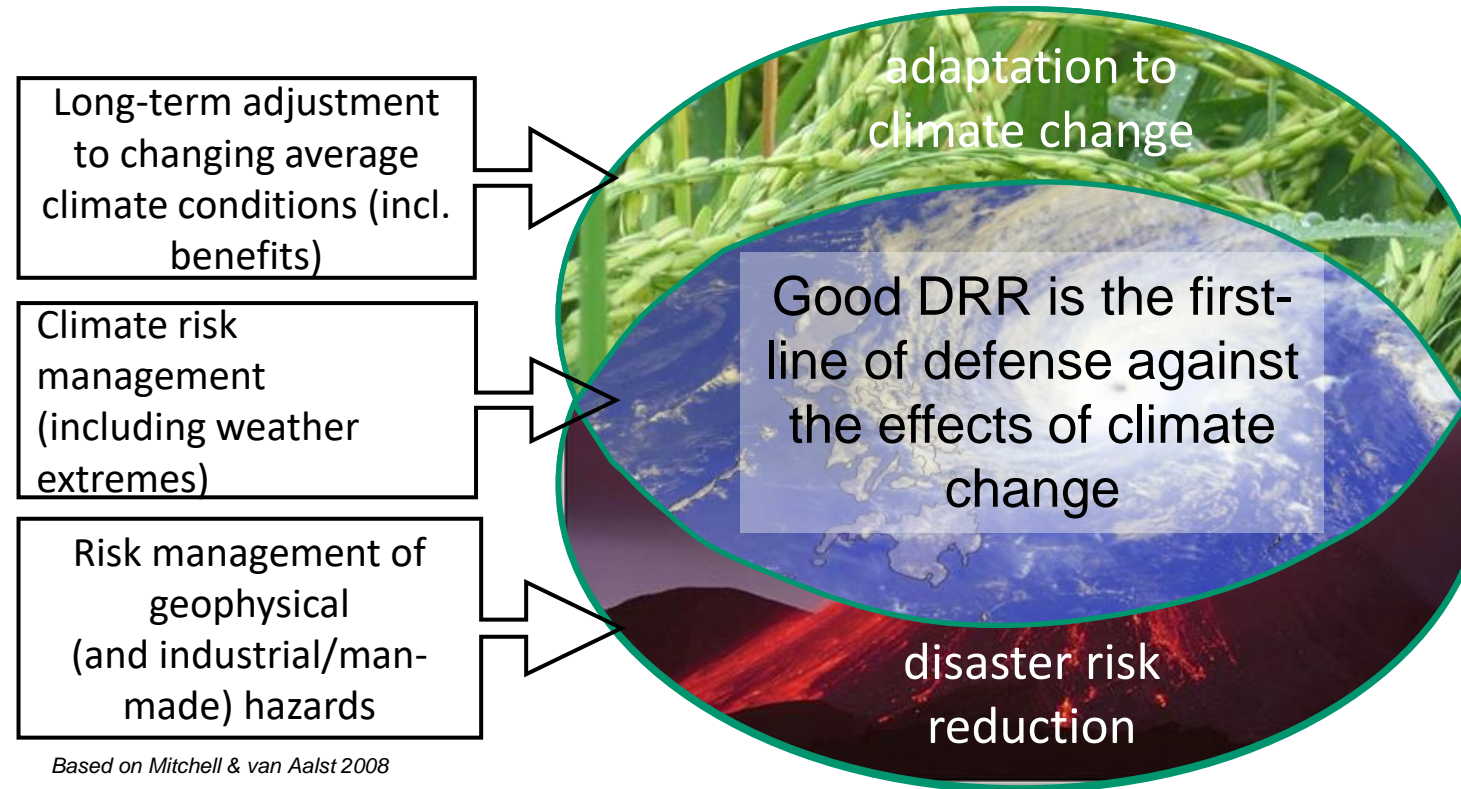

CCM – Climate Change Mitigation

EMR – Ecosystem Management and Restoration

– overlaps and synergies

Disaster Risk Reduction (DRR) and Climate Change Adaptation (CCA)

Climate Change Mitigation (CCM) and Ecosystem Management and Restoration (EMR)

Disaster Risk Reduction (DRR) and Climate Change Adaptation (CCA), Mozambique

Photos: Danish Red Cross

Community activities:

- Early warning & evacuation plans
- Awareness raising
- Protect water sources

Climate Change Mitigation (CCM) and Ecosystem Management and Restoration (EMR), The Philippines and Uganda

Deforested slopes in The Philippines
- huge erosion, landslide and flash flood risks

Photos: Danish Red Cross

Farming on steep slopes in Uganda
- huge erosion and landslide risks

Group work on DRR – CCA – EMR synergies
